

HOW THINGS CHANGED THROUGH THE YEARS ...

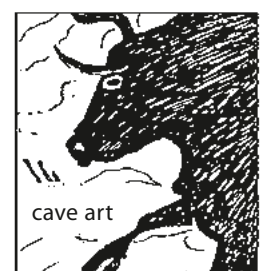

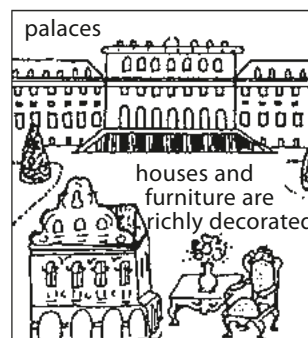

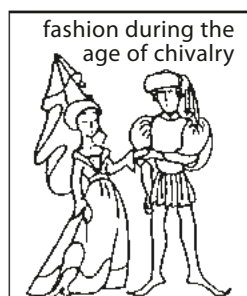

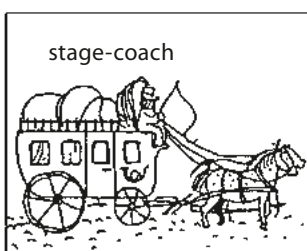

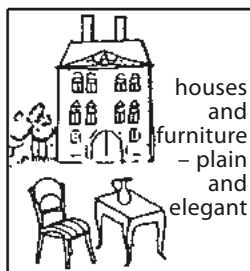

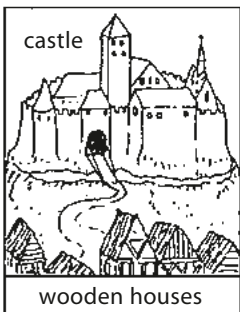

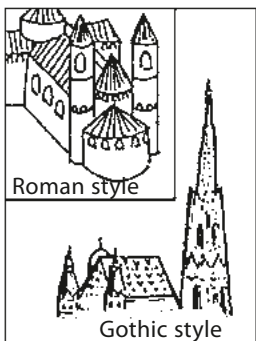

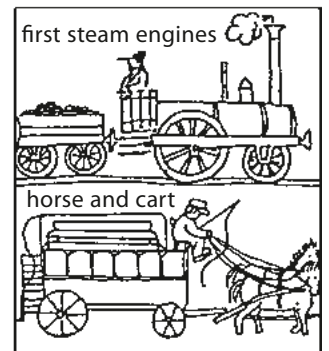

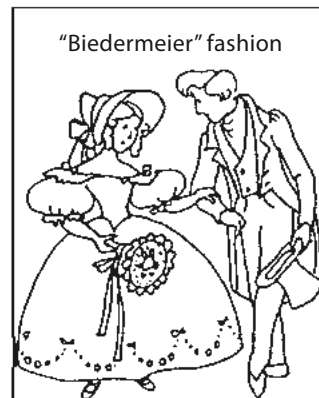

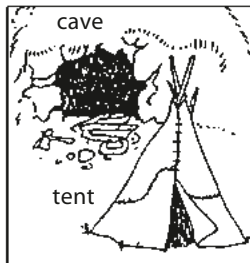

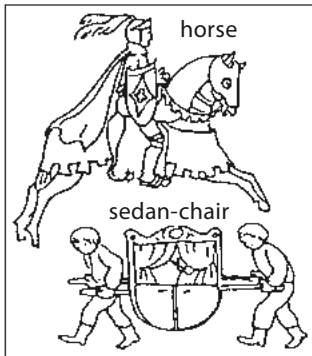

On page 3 there is a grid on which to glue these pictures. If you do not know where to stick a picture, look for the information in your history book.

Colour the pictures before you cut them out!

There are no pictures of the present. Find nice ones in newspapers and magazines or maybe you can even take some photographs of things around you.

Colour the pictures!

Write the German words for the correct information into the bottom parts of the boxes! Use the word-chain on page 4 as a guide!

Fold the pictures and glue the top part only, so that you can open the flap and check the words!
